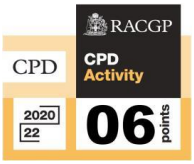
Cardiology CPD event

For general practitioners



Northern Queensland Primary Health Network (NQPHN), together with Mackay Hospital and Health Service (MHHS), invite general practitioners (GPs) to attend a cardiology GP training afternoon, presented by Mackay Base Hospital cardiologists.

Presenters and topics:

- Dr Michael Zhang – advances in Mackay, cutting-edge techniques, technologies, and services
- Dr Shanti Vaidya – key aspects of intervention for our GPs
- Dr Chris Broyd – heart failure and the new 'game-changers'
- Dr Muntaser Musameh – hypertension and hypercholesterolaemia: moving targets and novel drugs
- Dr Muneichi Shibata – syncope, arrhythmia and pacemakers.

Learning outcomes:

- identify current heart failure management strategies and novel pharmacotherapy options
- describe recent changes in the guidelines for managing blood pressure cholesterol and new treatment options in this field
- demonstrate contemporary management strategies for patients with valvular heart disease
- identify current evidence-based and treatment strategies in coronary artery disease
- demonstrate how to access advanced cardiac services and available options.

Lunch will be provided.
