

BRISTOL-MYERS
SQUIBB & PFIZER
AUSTRALIA INVITE YOU
TO AN EDUCATIONAL
MEETING

Key clinical decisions in anticoagulation that impact patient outcomes for today, tomorrow and life

VIRTUAL MEETING

4th November 2020, 7:00PM TO 8:30PM AEST

Dr. Brendan Bell BSc MBBS (Hons) FRACP

Clinical and Interventional Cardiologist
CardioVascular Clinics (CVC)

Dr Brendan Bell operates and consults at St Andrew's War Memorial Hospital with regional clinics at North Lakes, Hervey Bay and Rockhampton. Brendan has special interests in trans-radial complex coronary interventions, peripheral arterial disease and all aspects of clinical cardiology, particularly chest pain assessment, primary

and secondary prevention, and peri-operative management of cardiac patients. Brendan is a Senior Lecturer at the University of QLD. He has authored several cardiac guidelines and has published numerous articles in the field of interventional cardiology. Brendan is also a current member of the State wide Anticoagulation Committee.

DR Alaa Alghamry, M.B., B.Ch. AMC, FRACP

General Medicine and Stroke Consultant
The Prince Charles Hospital

Dr Alaa Alghamry is a General Medicine and Stroke Consultant at the Prince Charles Hospital. He is also a senior lecturer at University of QLD. He has special research interests in AF, cardiac biomarkers, gastrointestinal bleeding and anticoagulation in stroke related to AF. In 2017 he was awarded the Internal

Medicine Society clinical award at The Prince Charles Hospital and was also nominated for the leader of the year award by University of QLD. Dr Alghamry has presented his work at multiple national and international conferences and is also well published in a number of peer reviewed prestigious journals.

AGENDA
