# Webinar

## Driving and Dementia: the GP's dilemma

**OVERVIEW**

GPs play a vital role in helping people with dementia navigate that challenging time when their ability to drive is in question.

Our GP presenters will

- discuss the impact of dementia on a person's ability to drive
- assist GPs to understand the considerations involved in determining fitness to drive
- discuss the importance of having conversations about driving with patients

**SUITABLE FOR**

People working as GPs, Primary Health Nurses, Health Professionals

**PRESENTERS**

**Dr Allan Shell**

Allan is an academic GP and an Adjunct Senior Lecturer and educator for Dementia Training Australia.

**Dr Beth Cheal**

Beth has been involved in professional education for GPs and other health professionals to assist them in determining the "Fitness to drive" of older and cognitively impaired drivers.

**Professor Dimity Pond**

Professor of General Practice at the University of Newcastle, conducting significant research into dementia and mental health in Primary Care. Dimity also works in clinical practice.
