

Queensland Health 'The Viewer'

'The viewer' also known as Health Provider Portal (HPP) provides summary of patient's healthcare details to registered and authenticated health practitioners. All information on display is provided via secure tunnel access to Queensland Health's read-only clinical application, The Viewer.

This read-only online access will allow GPs, nurses, midwives, pharmacists, and paramedics to view public hospital information including appointment records, radiology and laboratory results, treatment and discharge summaries, and demographic and medication details.

NQPHN acknowledges the Aboriginal and Torres Strait Islander peoples as Australia's First Nation Peoples and the Traditional Custodians of this land. We respect their continued connection to land and sea, country, kin, and community. We also pay our respect to their Elders past, present, and emerging as the custodians of knowledge and lore.
