

Item 715 Health Check

A specific health check is available for Aboriginal and Torres Strait Islander people. The health check helps you identify risk factors for chronic disease to manage the good health of the patient.

NQPHN acknowledges the Aboriginal and Torres Strait Islander peoples as Australia's First Nation Peoples and the Traditional Custodians of this land. We respect their continued connection to land and sea, country, kin, and community. We also pay our respect to their Elders past, present, and emerging as the custodians of knowledge and lore.
