

LET'S TALK ABOUT SEX:

SEXUALITY AND SEXUAL DIFFICULTIES

AN INTRODUCTORY COURSE IN SEXUAL MEDICINE AND THERAPY

The course will discuss the need to talk about sex, the obstacles in talking about sex and empowering registrants to raise and discuss topics of sexuality and sexual difficulties with their patients or clients. It will cover the assessment and management of common sexual difficulties, from a biopsychosociocultural perspective, provide educational resources and an overview of therapeutic options.

Who should participate?

This multidisciplinary and fully online interactive two-day course is targeted at general practitioners, obstetricians and gynaecologists, sexual health practitioners, psychiatrists, urologists, psychologists, psychotherapists, sexologists, physiotherapists, nurse practitioners, and any interested health practitioners and trainees.

Main facilitator

The course will be facilitated by **Dr Anita Elias** MBBS, FASPM, FECSM, a medical practitioner and psychotherapist, specialising and working in Sexual Medicine and Sexual and Relationship Therapy for over 25 years. Dr Anita is the Head of the Sexual Medicine and Therapy Clinic at Monash Health, and a Senior Lecturer at Monash University. She will be joined by a multidisciplinary team of experts in Sexual Medicine and Sex Therapy (see next page).
