Radiation Therapy Information Night

This information night was organised to create a welcoming environment for patients and their families and friends to better understand radiation therapy.

Visitors will be able to view the department, see the various equipment and tools used for different cancer treatments, and participate in a tour of the department.

We encourage family and friends to attend.

When:
1st Thursday of each month

Where:
The Townsville Cancer Centre - Radiation Therapy Department

Time:
6:30-7:30pm

Who:
Hosted by the Radiation Therapy Department
