FUNDING OPPORTUNITY

After Hours Health Care
Disadvantaged services
Rural and remote communities

Funding scope
This funding opportunity will allow healthcare providers to inform Northern Queensland Primary Health Network (NQPHN) of localised need and suggest innovative service models or propose enhancements to existing services.

Objectives:
• increase in access to healthcare during the after hours period for disadvantaged population groups living in rural and remote communities
• innovative after hours healthcare services that target Aboriginal and Torres Strait Islander people, people living with complex or chronic conditions, older Australians, and families with children.

Applications for funding open:
Monday 5 March 2018

Applications for funding close:
Thursday 5 April 2018
