You are invited to attend a workshop presented by an expert in Lean Training.

What is Lean? Lean is a method of thinking that will help improve and streamline work flow and improve efficiency.

Who is invited? The health care and community sector.

Why come along? This training will provide a basic introduction and awareness of Lean Thinking principles, and support you to implement changes in your workplace to improve systems and processes.

For more information, click here.

Learning outcomes:
• a high-level view of Lean and its core values and benefits for an organisation
• understanding the five Lean principles
• knowledge on how to implement Lean in any organisation.
