You are invited to attend Yellow Belt Lean training (for those that have already completed the introductory White Belt training).

What is Yellow Belt Lean? This training is the next level from basic training, which aims to advance your existing knowledge of Lean systems thinking.

Who is invited? The health and community sector – participants must have previously completed White Belt Lean Training or online modules 1-8.

Why come along? This workshop will review the key aspects of the basic Lean principles including tools, the Kaizen Approach, PDSA, and A3 thinking and problem solving.

Learning outcomes:
- how to apply Lean tools to increase efficiency and productivity
- understand requirements for an efficient rapid improvement (Kaizen) event and the benefits that a successful Kaizen event can offer an organisation
- improve problem solving, implementation of change, and continuous improvement.
